Erode Main Road, Perundurai-638052,TN,India.

F-INFOTECH

F-Infotech is a social enterprise startup with the goal of creating opportunity for every person to reach their full potential with Digital Skills and Digital Medium as foundation platforms. We strongly believe, a digitally literate person can able to 1. find the required information 2. build skills based on their interest 3. create or find opportunities on their own through Digital platforms. Digital Literacy can help bridge the gap between Skills, Opportunity and Qualification by making people self-learnable and self-sustainable which can lead to empowerment of a common man.

Our goals align with the missions of following initiatives

Digital India (Power to Empower)

National Digital Literacy Mission

Mozilla Learning Network

CoderDojo Foundation

Stay tuned with us,
